USI Hybrid Productivity Allowance: Recommended Products

Why choose a recommended product? We did the legwork for you to ensure you have an optimized hybrid experience! We developed minimum specifications and standards and personally tested anything listed for quality, portability, and functionality.

Want to choose your own product? Check out our recommended specs on the bottom of page two for guidance before buying. Before purchasing, we encourage you to review the Prohibited and Controlled Software and Technology guidance to make sure any manufacturer you choose that is not already on the recommended products list does not pose a risk to the US Firms.

Category	Manufacturer & Product	Image	Description
